

Cellular Components

myelin sheath

proton-transporting two-sector ATPase complex

mitochondrial respiratory chain complex I

oxidoreductase complex

respirasome

mitochondrial respirasome

mitochondrial protein-containing complex

inner mitochondrial membrane protein complex

respiratory chain complex

mitochondrial inner membrane

respiratory chain complex IV

cytochrome complex

mitochondrial respiratory chain complex IV

I band

Z disc

sarcomere

contractile fiber

myofibril

sarcolemma

postsynaptic density

asymmetric synapse

cytosolic small ribosomal subunit

ribosome

cytosolic ribosome

large ribosomal subunit

cytosolic large ribosomal subunit

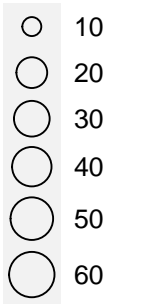

ribosomal subunit

small ribosomal subunit

polysome

polysomal ribosome

number of genes

p.adjust
