

Cellular Components

nuclear envelope

mitochondrial matrix

mitochondrial inner membrane

sarcolemma

transporter complex

transmembrane transporter complex

cation channel complex

chromosome, centromeric region

chromosomal region

outer kinetochore

asymmetric synapse

postsynaptic specialization

postsynaptic density

neuron to neuron synapse

synaptic membrane

sarcomere

I band

myofibril

contractile fiber

Z disc

sarcoplasmic reticulum membrane

sarcoplasmic reticulum

sarcoplasm

hemoglobin complex

haptoglobin-hemoglobin complex

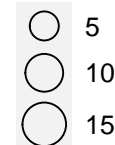

cell-cell contact zone

inclusion body

coated membrane

membrane coat

number of genes

p.adjust
