Cellular Components

	cytochrome complex	
	mitochondrial respiratory chain complex IV	
	mitochondrial envelope	
	inner mitochondrial membrane protein complex mitochondrion	
	respirasome mitochondrial membrane	
	organelle inner membrane	
	mitochondrial respirasome	
	respiratory chain complex mitochondrial inner membrane	
	mitochondrial protein-containing complex	
Omitochondrial ribosome	NADH dehydrogenase complex	
	respiratory chain complex I	
	mitochondrial respiratory chain complex I	
organellar ribosome		

p.adjust 6e-05 - 4e-05 - 2e-05

number of genes

proton-transporting ATP synthase complex•

cytosolic small ribosomal subunit

mitochondrial proton-transporting ATP synthase complex

small ribosomal subunit

ribosome

ribosome

polysomal ribosome

ribonucleoprotein complex
large ribosomal subunit
