Cellular Components

AMPA glutamate receptor complex

integral component of postsynaptic specialization membrane

intrinsic component of postsynaptic membrane

postsynaptic specialization membrane

integral component of synaptic membrane

integral component of postsynaptic membrane

synaptic membrane

intrinsic component of postsynaptic specialization membrane

intrinsic component of synaptic membrane

postsynaptic membrane

transporter complex

transmembrane transporter complex

oxidoreductase complex

respirasome

respiratory chain complex

mitochondrial respirasome

mitochondrial membrane

0.03

p.adjust

- 0.02 - 0.01

0.04

number of genes

mitochondrial nucleoid

mitochondrial matrix
