

myelin sheath

cytosolic small ribosomal subunit

small ribosomal subunit

Cellular Components

proton-transporting	ATP	synthase	complex
P. 2 12 1		,	

mitochondrial proton-transporting ATP synthase complex

respiratory chain complex IV

proton-transporting two-sector ATPase complex

mitochondrial in mer membrane		
NADH dehydrogenase complex	number of gene	
mitochondrial protein-containing complex	O 10 O 20	
inner mitochondrial membrane protein complex transporter complex		
mitochondrial respiratory chain complex I	4050	
respiratory chain complex oxidoreductase complex	p.adjust 7.5e-10	
mitochondrial respirasome	5.0e-10	
mitochondrial respiratory chain complex IV transmembrane transporter complex	2.5e-10	
cytochrome complex
